

Counselor Referrals

May 2021

We are proud of you for taking a step to reach out for help! Finding the right counselor is important in working through our issues. We believe you will find one for you in these considerations. Ask them questions about their process, ask about if they provide tools & resources, and ask if they take insurance or have a sliding payment scale. Some have the ability to work with you regarding the investment.

Lastly, most counselors will give you a 20 minute consultation to see if it's a good fit for you. Ask for what you need. [Here are some other things to consider](#) when considering christian therapy. Should you need other professional recommendations, ask one of these providers for other colleagues.
